

Questions that you felt difficult to answer

1. Why should we hire you?

I believe I am a strong candidate for this position due to a combination of my technical skills and passion for programming. I am confident that my technical skills, combined with my dedication and ability to work well in a team, make me a valuable addition to your organization. I am excited about the opportunity to contribute to your team's success and look forward to the possibility of working with you.

2. How do you deal with pressure or stressful situations?

First of all I analyse the tasks I have and prioritize based on the importance and urgency. I always try to be connected to my team so that they can help me to an extent to handle the pressure. I set clear goals to avoid last moment rush and this helps me to avoid stress.
